

How to Select the Correct Non-Autotractor Payload for the 9970 SP Combines

There are five non-Autotractor Payload files available. The control unit for which the payload is being entered determines which file to use.

For the following Control Unit:	Use payload file:
CAB	AH234251A
CDU	AH231068A_9101
LC1	AH234513A
RCU	AH233044A
LC2	AH233046A
