

Access the BG03/04 OEM Screen

FORM 0382 Access the BG03/BG04 OEM Screen

1. Press and hold the white button indicated by the arrow below until the "Enter Code for OEM Set Up" screen displays as in the second photo.

Press this button.

2. Press Enter, as indicated by the arrow below. The flashing 0 will change to 000000.

Enter

3. Using the number keypad, type 4558 and then press Enter.

Enter

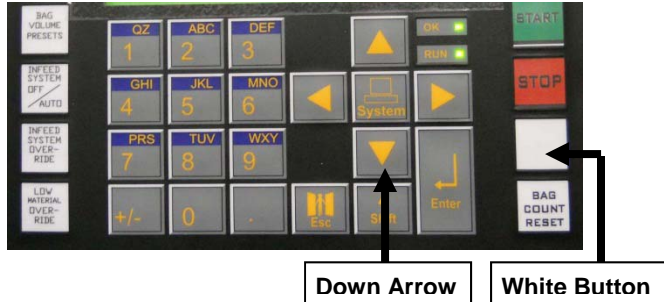

4. Press the white button indicated in Step 1 one time. The OEM options display as below:

Line

Access the BG03/04 OEM Screen

5. Press the Down Arrow until the line is under the item you want to change. Press Enter. (In the previous screen, the line is on the CLEAN OUT CONV. row.)

9. Using the number keypad, type the numbers to apply and then press Enter.
10. Repeat Steps 8-9 until the correct numbers are displayed for both rows.
11. Press the white button twice (as shown in Step 5). The Welcome to Amadas Industries screen displays again and changes are complete.

6. Press the Down Arrow to change the item from YES to NO (or NO to YES). When the correct response is displayed, press Enter.
7. Press the second white button from the bottom on the right hand side (as shown in Step 5) again. The next set of OEM options displays.

8. The standard settings are shown below:

Belt Brake = 30
Belt Clutch = 0
In .01 second or delays

If other settings are shown, or more delay is needed between the brake and clutch engagement, press the Down Arrow until the line is on the item you want to change. Press Enter.
